

BARES FACTS OF LOOTING OF ROAD

Rock Island Bled by Stock Manipulation at One End and Mismanagement at Other.

COMMISSION ENDS ITS PROBE

Officers, False to Their Trust, Said to Have Reaped Millions in Personal Profit.

Washington, D. C., Aug. 18.—With the publication today of the interstate commission's report on the financial affairs of the Rock Island railroad...

The commission charges the Rock Island directors with misrepresentation of assets in their reports to stockholders, a practice which it severely condemns...

There are too many passive directors, the commission says, "who acquiesce in what is being done without knowledge and without investigation."

At a result of this finding the department of justice probably will proceed against the officers and directors of the road...

Mudge and Walker held their positions with the railway company through the process of the receivers...

The commission's findings are expected to result in an attempt to break the hold of the Moore-Reid syndicate on the Rock Island and to restore the road to the proper business management at an early date.

MEAT INJURIOUS TO THE KIDNEYS

Take a Tablespoonful of salts if Back Hurts or Bladder Bothers.

As the mother of most cancers and as food is filled with uric acid, says a well known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork...

When your kidneys ache and feel like lumps of lead and you have stinging pains in the back or the urine is cloudy, full of sediment or the bladder is irritating, obliging you to seek relief during the night...

Just take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will get fine.

Mr. Mudge, former president of the railway company, is one of the receivers.

The general counsel for the railway company, who planned the receivership in obedience to the will of the syndicate, is now counsel for the receivers.

"It should be just as grave an offense for an official of a railway company to be faithless to his trust for financial gain as it is for an elected official of the government to betray his trust for money reward."

EXCURSION

The farmers' picnic will be held at Woodward's grove Thursday, Aug. 19. The steamer Marquette will leave the Nineteenth street landing, Moline, at 9.00 o'clock sharp.

Tip-to-Toe Outfitters for Man, Woman and Child—Rock Island. All go at this one price without restriction, Thursday and Friday. Tip-to-Toe Outfitters for Man, Woman and Child—Rock Island.

REV. J. Q. ADAMS IS LONG IN PULPIT

Aged Methodist Divine Served Church 46 Years, Most of That Time Near Rock Island.

BY REV. O. T. DWINELL

Rev. J. Q. Adams, a retired minister of the Methodist Episcopal church, a member of the Central Illinois conference, died yesterday at 11:22 a. m., at his late home, the home of his daughter and her husband, Mr. and Mrs. S. Eugene Mattison, Jr. 1121 Twentieth street, Rock Island.

He was born and bred a Canadian, though his parents were New Yorkers and his elder brothers were born in New York. He was born on the 20th of August, 1850, on a farm home on the north

bank of the St. Lawrence opposite the Thousand Islands.

The Methodist church and the spirit of Methodism was strong in the neighborhood of his early home and as a boy he attended many of her services, sometimes in the home of his parents, sometimes elsewhere. His mind traveled the path pursued by that of many other children, and until he was 12 years of age he was wavering between hope and fear, because he had not been made to know the truth of the plan of salvation by faith.

When 12 years of age he heard a sermon that gave him the light by which he adopted the truth and from that time had been a professed Christian at that time and in that place children were not expected to unite with the church and he did not do so until he was 18 years of age.

In 1855 he had decided to enter the ministry of the Methodist church and was received into the Bay of Quinte conference, as junior and senior preacher, and was finally sent to the church of his home town, Gananoque, where he

remained one year and then, in 1871, came to Illinois, and joined the Central Illinois conference. He preached 20 years in Canada 18—in all 45 years of continued ministry.

Many of these years were spent near Rock Island, churches at Prospecton, Orion, Reynolds, Hampton, Neponset, Lafayette, Port Byron, Colona were among those in this neighborhood, which he served.

In 1851 he was united in marriage with Sarah Ann Gilbert in Kingston. They celebrated their golden wedding June 4, 1909; Mr. Adams had been in poor health for a number of years, but the wife of these many years served him and has been able to help to minister to his needs and comfort during all the time.

Though confined to his home, he has retained his keen interest in the work of the church, and by his reading had been in constant touch with its movements and enterprises.

Friday would have been the 55th anniversary of his birth and he expressed a desire to see that day. On the other hand he had decided in his own mind

that he would not do so but was ready to celebrate the day on the eternal shores.

From these 46 years of labor he leaves a memory of faithful, continuous service to the church and to the world. He has left a network of influence, now in force, the value of which eternity alone can reveal. He was a strong man in the years when his work was of great value to the churches which he served and which are standing today monuments to the faithful work of this man and his co-laborers.

The children born into the home are J. C. Adams and H. C. Adams, both of Arizona. Mrs. Emma G. Mattison of Rock Island and Mrs. A. Margaret Graham, deceased.

One of the sons, I. C. Adams, is on the way from Arizona to attend the funeral, which will be at the late home Saturday at 10:30 a. m. The service will be in charge of Rev. O. T. Dwinell pastor of the church and Rev. R. C. Pearce, a long time friend.
